

Last revised: March 2007

SEARLE BIBLIOGRAPHY
1963-Present (???) entries)

1. Notes on Generalized Inverses.
2. Notes on Distribution of Quadratic Functions.
3. Notes on Regression.
4. Notes on Rank Deficient Models.
5. Notes on Estimable Functions.
6. Notes on Covariance.
7. Notes on Variance Components Estimation (Balanced).
8. Notes on Variance Components Estimation (Unbalanced).
9. Federer, W.T. & Henderson, C.R. (1963). *Some aspects of general and specific combining ability* (Biometrics Unit Paper No. BU-82, Department of Plant Breeding No. 432). Ithaca, NY: Cornell University.
10. Searle, S.R. (1963). Genetic studies of dairy production early in lactation. *Journal of Dairy Science* 46: 1266–1272.
11. Searle, S.R. (1964a). A review of sire-proving methods in New Zealand, Great Britain and New York State. *Journal of Dairy Science* 47: 402–412.
12. Searle, S.R. (1964b). Progeny-tests of sire and son. *Journal of Dairy Science* 47: 414–420.
13. Searle, S.R. (1965a). *Computing formulae for analyzing augmented randomized complete block designs* (Biometrics Unit Paper No. BU-207-M). Ithaca, NY: Cornell University.
14. Searle, S.R. (1965b). *Notes on probit analysis* (Biometrics Unit Paper No. BU-202-M). Ithaca, NY: Cornell University.
15. Searle, S.R. (1965c). *Tests of linear hypotheses using a generalized inverse matrix* (Biometrics Unit Paper No. BU-199-M). Ithaca, NY: Cornell University.
16. Searle, S.R. (1966a). *Equations in sums of powers* (Biometrics Unit Paper No. BU-226-M). Ithaca, NY: Cornell University.

17. Searle, S.R. (1966b). *Properties of certain discrete distributions suitable for generating approximately normal variables* (Biometrics Unit Paper No. BU-228-M). Ithaca, NY: Cornell University.
18. Searle, S.R. (1966c). *Testing the efficacy of a table look-up generator of normal variables* (Biometrics Unit Paper No. BU-227-M). Ithaca, NY: Cornell University.
19. Searle, S.R. (1967a). *Computer simulation of variance components estimates* (Biometrics Unit Paper No. BU-233-M). Ithaca, NY: Cornell University.
20. Searle, S.R. (1967b). *Computer simulation of variance components estimates: Plots of frequency distributions* (Biometrics Unit Paper No. BU-245-M). Ithaca, NY: Cornell University.
21. Searle, S.R. (1967c). *Proof, and correction, of a result in a 1961 paper on variance components* (Biometrics Unit Paper No. BU-235-M). Ithaca, NY: Cornell University.
22. Searle, S.R. (1968a). Another look at Henderson's methods of estimating variance components. *Biometrics* 24: 749–787.
23. Searle, S.R. (1968b). *Large sample variances of maximum likelihood estimators of variance components* (Biometrics Unit Paper Paper No. BU-255-M). Ithaca, NY: Cornell University.
24. Searle, S.R. (1969). A discontinuity in mixed model analysis. *Biometrics* 25(3): 573–576. (Biometrics Unit Paper No. BU-196). Ithaca, NY: Cornell University.
25. Rudan, J.W. & Searle, S.R. (1971). *Attempts at inverting the variance-covariance matrix of the 2-way crossed classification, unbalanced data, random model* (Biometrics Unit Paper No. BU-353-M). Ithaca, NY: Cornell University.
26. Searle, S.R. (1971). Topics in variance component estimation. *Biometrics* 27: 1–76.
27. Townsend, E.C. & Searle, S.R. (1971). Best quadratic unbiased estimation of variance components from unbalanced data in the 1-way classification. *Biometrics* 27: 643–657.
28. Mount, T.D. & Searle, S.R. (1972). Estimating variance components in covariance models. (Biometrics Unit Paper No. BU-403-M). Ithaca, NY: Cornell University. With notes.
29. Searle, S.R. (1973a). *Derivation of prediction formulae* (Biometrics Unit Paper No. BU-482-M). Ithaca, NY: Cornell University.
30. Searle, S.R. (1973b). *Prediction, mixed models, and variance components* (Biometrics Unit Paper No. BU-468-M). Ithaca, NY: Cornell University.

31. Searle, S.R. (1973c). Univariate data for multi-variable situations: estimating variance components. In D.G. Kabe and R.P. Gupta (eds.). *Proceedings of the Research Seminar at Dalhousie University, 23–25 March 1972*. North Holland: Amsterdam.
32. Searle, S.R. & Rounsaville, T.R. (1973). *On estimating covariance components* (Biometrics Unit Paper No. BU-429-M).
33. Searle, S.R. & Rudan, J.W. (1973). Wanted: an inverse matrix. *Communications in Statistics* 2(2): 155-166.
34. Henderson, C.R., Searle, S.R. & Schaeffer, L.R. (1974). The invariance and calculation of method 2 for estimating variance components. *Biometrics* 30: 583–588.
35. Searle, S.R. (1974). Prediction, mixed models, and variance components (pp. 229–266). In F. Proschan and R.J. Serfling (eds.). *Reliability and Biometry*. Philadelphia, Pennsylvania: Society for Industrial and Applied Mathematics.
